

2023 International Conference on Information Engineering, Electronics and Communication Technology (IEECT 2023)

09/23/2023 - 09/24/2023 Los Angeles-USA

Acceptance Letter

Manuscript No.	IEECT-6018
Author name(s)	Honglin Liao, Shujuan Chen, Jiachen Huang
Manuscript title	Research on automatic pricing and replenishment decision of vegetable commodities based on penalty function LSTM model

Dear Author(s):

Thanks for your contribution! We are pleased to inform you that the above paper has passed the peer review, and has been accepted by the 2023 International Conference on Information Engineering, Electronics and Communication Technology (IEECT 2023).

IEECT 2023 aims to bring researchers, academics and students to the areas of information engineering, mechatronics and electronics, mechanical engineering and communication technology, and will provide an international forum for sharing the most advanced research results, experiences and original research contributions on related topics.

All accepted papers will be published in the conference proceedings of IEEE, which is the world's largest professional association dedicated to advancing technological innovation, and all published papers will be submitted to EI Compindex, SCOPUS and INSPEC.

2023 International Conference on Information Engineering, Electronics and Communication Technology
